Fixed Fee Probate

Probate Assistance

If you are dealing with the probate yourself there may be occasions when you just need a bit of help in dealing with a form or an issue that you are not quite sure about. We can offer a 45 minute interview with an experienced probate lawyer, in person or by telephone, to help you with that part of the probate. You can come back as many times as you like as we will keep your details and a record of what you were doing when we last spoke. Our Ask a Legal Expert interview is designed for just this situation.

Obtaining a Grant of Probate or Letters of Administration

We will:

- ✓ Locate the Will and retrieve to these offices
- ✓ Complete the relevant Inheritance tax forms with the relevant information provided by you and submit them to the Probate Registry. (The Probate Registry deals with solicitors' applications three times quicker than personal applications)
- ✓ Obtain the Grant of Representation
- ✓ Keep you fully informed of the progress

You can then deal with the estate, gather in the assets and distribute them yourself or ask us to deal with the Estate Administration.
